**PATRICIA WILLSON IS OUR  
HIGHLIGHT OF THE QUARTER!**

**CONGRATS TRISH!**

**THANK YOU FOR ALL YOU DO  
FOR USU EASTERN.**

“I have enjoyed getting to know some amazing people at USU, some of my favorite people work here and some come to get their education here. My aunt, uncle and daughter have received their education at CEU/USU, I have one niece currently attending USU . I have seen people’s lives change through education. I am proud of this institution and what it provides.

I take pride in the service I give, and feel that I not only provide a clean environment but a friendly, efficient and kind environment (a place where people want to be). One of my favorite quotes is by Maya Angelou: “I have lived long enough to know, I should be what I know.””

- Patricia Willson

*Trish has been with the University since August of 2011 and has helped keep this campus clean and looking its best. She is always friendly to everyone she talks to, and works hard to keep things looking nice. She has made many friends while working in the buildings and many people have expressed their gratitude for Trish in their buildings. We truly appreciate everything Trish has done for our department and for her service here at USU Eastern.*

# Maintenance

# Department

THIS LAST QUARTER WAS A BUSY ONE FOR THE MAINTENANCE DEPARTMENT AND WE APPRECIATE THE GUYS' WILLINGNESS TO SHIFT SCHEDULES FOR SNOW REMOVAL AND BALANCING OF PRIORITIES THAT NEEDED TO BE DONE. WHEN THE MAINTENANCE CREW WASN'T REMOVING SNOW OR WORKING HARD TO KEEP UP WITH THE MANY PM'S THAT COME OUT IN A MONTH AND WORK ORDERS, THEY HAVE BEEN BUSY GETTING PROJECTS DONE TO HELP IMPROVE THE LOOKS AND EFFICIENCY OF CAMPUS. TO NAME A FEW; WE RE-CARPETED THE DOWNSTAIRS OF JLSC, REMODELED THE WELDING LAB LOCKER ROOMS (THAT WAS IN MUCH NEED OF SOME SPRUCING UP), AND HAVE BEGUN TO CLEAN OUT SOME FLOOD DRAINS THAT HAVE NOT BEEN DRAINING THAT ARE IN AND AROUND CAMPUS. THEY PERFORM THEIR JOB WELL AND EFFICIENTLY AND CONTINUE TO WORK TO IMPROVE CAMPUS AS MUCH AS THEY CAN. WE APPRECIATE THEIR HARD WORK AND WILLINGNESS TO GO ABOVE AND BEYOND IN THEIR DUTIES. THE MAINTENANCE CREW LOOKS FORWARD TO THE SUMMER AND WE ARE ALREADY IN TALKS ABOUT WHAT PROJECTS WE WANT TO ACCOMPLISH IN THE COMING MONTHS THAT WILL CONTINUE TO ADD TO THE LOOKS OF CAMPUS AS WELL AS HOW SMOOTHLY THE CAMPUS RUNS.

# Grounds Department

From snow to spring...

This quarter has been crazy busy! December brought some badly needed snow (Thanks to everyone who helped with snow removal and for all the hard work! December turned out to be practice for January, February and even some in March! We had a variety of rain, snow and flowers in March! This month was the last month with our part time grounds crew, Shawn Hawk and Austin Olsen. We wish them well on their new adventures! Now we dig out the law equipment and begin the next phase with warmer weather!

*Shoveling Snow, moving mattresses, pruning trees, and blooming flowers all within three months!*

# Custodial Department

Over the Christmas break, there were many projects being implemented and completed by the custodial crew. Kirk and Clint put a finish on the floor at the BDAC to make it look new and shiny! In the Reeves building, Mike and Bill put in the hours to wax the new and improved Medical Assisting area! The department has stayed busy with continuing projects and getting prepped for the upcoming graduation ceremony.

There are many projects we are wanting to complete and the crew is working hard daily to get these done and make our buildings look their best.

We plan to get as many projects completed by commencement!

Thanks for all the hard work and dedication to USU Eastern!

*The quiet heroes of the University. Always the first to arrive each day, cleans up the messes no one else dares to touch, and befriends everyone that passes by. –Teresa Kwant*
