Opening Kahoot: Shaun

Traveling Museum: Michaelann Nelson

- There are traveling exhibits from the Smithsonian Museum and we have the opportunity to host one of them called Crossroads.
- This would be located in the space where the old bookstore was. January 20-March 3 is when it will be here.
- The goal is to also bring a band to campus during this as well, this is where they would like us to partner with them so we can have it happen. They have their own budget but we would need to add money as well to make this happen.
- The exhibit would be in the same building as the events that they are planning on bringing to campus during this time.

Discussion about last week's events:

- Bread and Soup Night: we had a lot more people than we had last year. There were a lot of people who got an angel tree as well. However, there was an issue with a soup so we would need to have that be changed for next year.
