Opening Kahoot: Madisen

Discussion about last week's events:

- Snacks with Shaun: it was okay, not the biggest turn out and people left halfway through.
- Thanksgiving Hero's: it was really good and we got everything where it needed to be. We had a ton of help. Totally going to do it again
- Native American heritage activity: it was kind of hard since we had to start late but there was still an amazing event. Next time we hope to have more of what they usually do.
- Trivia night: it was good, not as many students were able to come but there was a good amount of faculty. A bunch of students have meetings or classes from 4-6 so we may have to rethink it. We now would like to do a trivia night for just students as well next semester.

Discuss BDAC & Athletic stipulations:Dyson

- We discussed a few in the executive meeting but we need to add to the list.
- Some ideas include: Athletic- new uniforms and gear, upgrades to the training room, scholarship money and going to more athletes, travel/meals. BDAC- upgrading the bathrooms, shower stalls, updating weights and dumbbells, getting a batting cage, fixing floors in the weight rooms, and more.
- We will also be asking Jess questions so that we can all be on the same page.

Intramurals:

- We are canceling them for the rest of the semester.

Mug Paint Night: Lily

- Starts at 6 set up at 5. We will also be doing blanket tying as a service project.

New Hire: Allie

- We had to hire a new athletic rep and Hadley Humpherys will be joining our team at the beginning of next semester.

Closing Kahoot: Kacie

Motion to adjourn meeting: Dyson

Move to the motion: Brooklyn

2nd: Shaun
