Discussion about last week's events:

- Music Bingo: it went really well and was super fun! Want to bring this to Welcome Week for the fall semester and jazz it up. Maybe more random categories! Maybe add a coveted type prize to win for doing something fun in between bingo categories.

Nexus Nirvana: Lily

- Tonight at 7, set up at 5:30. We will have black lights everywhere, the vibe is to have it look like an arcade. Cup pong, ping pong and cornhole. It will all be glow in the dark everything.

Decades Dance: Lily

- 8-10pm Set up at 6pm. This will be in the black box. Make the balloon arch during office hours on Wednesday. Dress up as different decades. The food is different candies from the 1930s to now.

Diversity Scavenger Hunt: Haylee

- This will be an all day thing and there is a sheet that people will be able to pick up and do the scavenger hunt throughout the day. The prizes will be a raffle type deal. 10-4:30.
- We are also adding some small service opportunities on the wheel and have it next to the table for people to do throughout the day.

Lip Sync Battle: Lily

- Tuesday Jan 16 at 6 set up possibly at 5. Should be really chill. We don't have too much to set up. We need to start talking about this and getting the word out now so people are prepared for the event.

Intramurals: Hadley

- Dodgeball for two weeks at 6 in the BDAC.

Student travel funding request(s): Eric

- Academic Opportunity Fund Application. This is when students can ask for funding if they are going to go and present research or showcase creative work somewhere. This would be coming from student fees. This would be helping out students and spreading Easterns name more. There are specific things that the funds will pay for as it won't cover everything they need paid. Follow up with the student and ask some questions so we can have a better understanding of what is already being paid.

Science Fair Judges: Dyson

- Thursday the 11th at Sally Mauro. Shaun, Dyson, Kaitlyn and Mollie are going to be able to go. Everyone else will stay and help out at the event.

Leadership Opportunity: Dyson

- Going to Emery and Carbon High Schools to talk about student government. Kaitlyn, Tiara and Shaun can take the first one. Madisen, Brooklyn and Esi can do Carbon.

Look over position descriptions: Dyson

- Each of us need to look over the position descriptions for our position and update them with anything that may have changed. This needs to be done by our next meeting.

Motion to adjourn meeting: Dyson

Move to the motion: Brooklyn

2nd: Mollie
